TOO LATE.

What silences we keep year after year,
With those who are most near to us and dear;
We live beside each other day by day.
And speak of myriad things, but soldem say
The full, sweet word that lies just in our
reach.

The full, sweet word that lies just in our
my eyes. I its of rotten beauches, Branches and this story there was a moral concealed in it somewhere or hanging to its skirts.
Now that I have finished it I can't find any. I deem it more kind and considerate to leave the reader to find his my eyes. I its of rotten beauches and or her own moral and concealed in its story there was a moral concealed in its sory there was a moral concealed the second that it is sory there was a moral concealed in its sort was a moral concealed in Beneath the common place of common speech. dry bark dislodged and fell into my is needed. I have in the past too much

These close familiar friends, who loved us so:
And, sitting in the shadow they have left.
Alone, with loneliness, and sore bereft.
We think with value regret of some fond word.
That once we might have said and they have heard.

That once we might have said and they have heard.

The country of the first that the past too much as the first that the past too much erred in going round slapping moral mustard plasters on people's skins regardless whether they wanted them or not.—Prentice Mulford, in N. Y.

Graphic. For weak and poor the love that we expressed take with me a hammer, a gimlet and Now seems beside the vast, sweet mexpressed, some nails. I tied the hammer about one nails.

-Nora Perry, in N. Y. Independent.

A TUSSLE WITH A TREE. I imagined it would take me about half an hour to put up some boxes for the accommodation of the blue birds endless, and at the present rate I could amid the branches of the magnificent vaguely see more and more in the dim

its fullest vigor-a temple not built the hammer when, that instrument with hands—more marvelous in con-struction than any palace ever erected, suddenly as I leaped over a branch and, in my brother man's estimation, turned a somersault, slipped through

among its branches. Or perhaps its down-from-there-and-pick-me-up" exdesire is not to be meddled with in any pr way-a feature of strong character I did not come down immediately. I and marked individuality, whether in teamed over the branch and swore at

plishment, really so difficult, which way, with great risk to window panes quite as good as the rest, where it will

At last I mounted this ladder and and branches. Effecting one position, his excuses, and when he sayeth he was case, however, the open space is cov-
